

Stephen E. Wilber was appointed to Chemung County Director of Information Technology (IT) in September 2014. Steve started his employment with Chemung County IT after graduating from Corning Community College in 1981 with an AAS Degree in Computer Science. Steve has held nearly every position in the Chemung County IT Department; Computer Operator, Programmer, Senior Programmer Analyst, Network Administrator, Deputy Director of IT and currently the Director of IT position.

Steve's prior work experience in both the public and private sectors is vast. Past experience includes several years in the City of Elmira Public works department working on Bridge Maintenance and Lubrication, as a Park Caretaker and on the Road Paving Crew. Steve also worked for 2 years in the Dietary Department of St. Joseph's Hospital, 2 years as a Continuing Education Teacher and has 27 years of restaurant experience including restaurant management.

Steve also served 3 years on the Town of Horseheads Planning Board and currently holds an elected seat on the Horseheads Town Council.

Steve is very active in the community with membership in several Civic Organizations including 27 years with the Horseheads Kiwanis where he served in many leadership positions and donates countless hours to the community.
